MEDICAL-LEGAL PARTNERSHIP FOR SENIORS

CLINICAL SERVICES

- Provision of direct legal assistance to low-income seniors at a UCSF medical clinic
- Education of health care providers in legal issues impacting the health of elderly patients.
- Training of law students in elder law, which includes issues in poverty law, health law, and estate planning

POLICY ADVOCACY

- Development of policy advocacy curriculum for law students and health care providers
- Consultation in collaborative policy initiatives related to health of seniors.
- Fostering public and professional discussion and education through lectures and roundtables

RESEARCH & EVALUATION

- Evaluation of medical-legal partnership as a model for improving health and quality of life for seniors
- Participation in collaborative research related to health of seniors. e.g. San Francisco Elder Financial Abuse Collaboration
- Dissemination of research and evaluation at local and national conferences.
